## PLOT OF THE OPERETTA.

Dame Grumpus, whose tongue is the terror of the village, has adopted an orphan, Nora, and treats her with great harshness. The village girls beg the Dame to grant her a holiday but are unsuccessful. Nora is sent to fetch water from a distant spring, but is carried off by gipsies. She escapes and is enticed across a wild moor by Will-o'-the-Wisps. Here the Pixies secure her, and lead her through the Enchanted Glen to the Court of Queen Mab.

Meanwhile she is missed and the villagers set out to find her. They too wander into the Enchanted Glen, are taken before Queen Mab and are put on trial as trespassers. On learning the real cause of all the mischief the Queen sends for the Dame who is promptly shewn the error of her ways.
