

**This train is nearly silent.
It doesn't have a driver.
It weighs 38.4 tons and travels very fast.
If your kids get on the line,
they won't have a chance!**

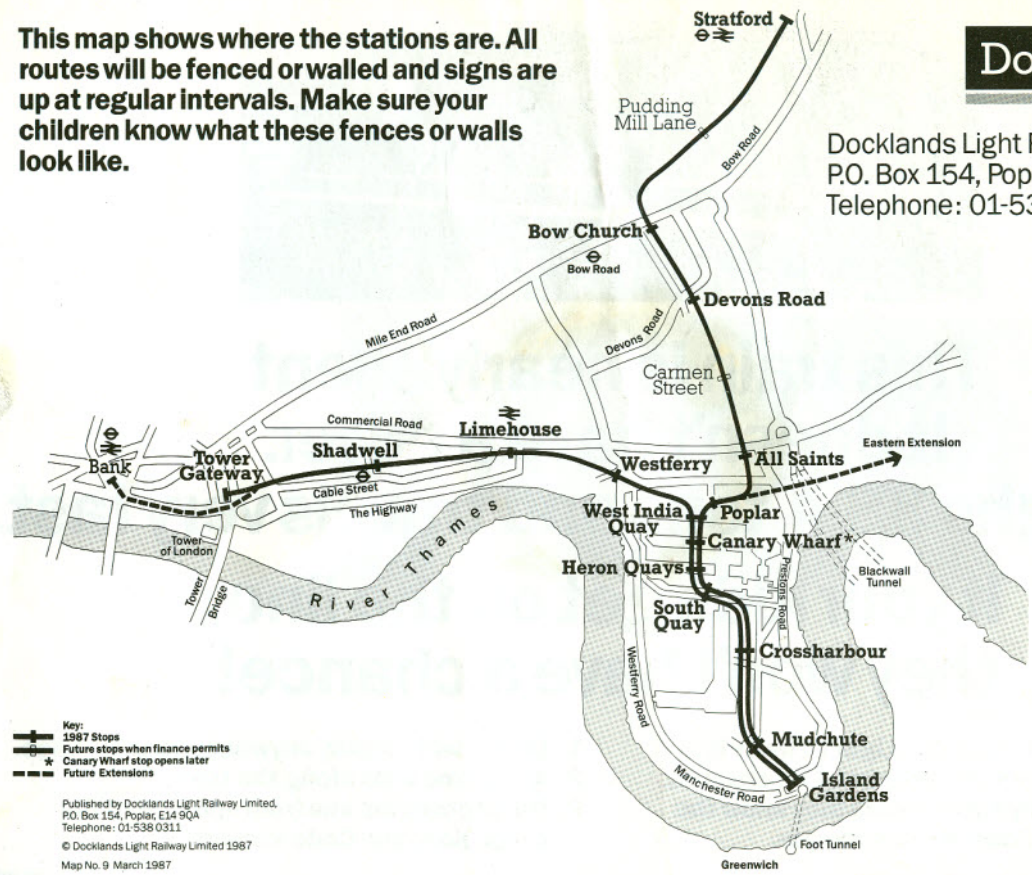

The new Docklands Light Railway is a specially dangerous playground for children. Protect yours by making sure they know the Light Railway Code. It's very simple.

- 1. Do not walk or play anywhere near the lines.**
- 2. At no time walk along the track.**
- 3. Never cross the line from one side to the other. Keep the Code in mind.**

This map shows where the stations are. All routes will be fenced or walled and signs are up at regular intervals. Make sure your children know what these fences or walls look like.

Docklands

Docklands Light Railway Limited
 P.O. Box 154, Poplar, London E14
 Telephone: 01-538 0311

- Key:**
- 1987 Stops
 - Future stops when finance permits
 - * Canary Wharf stop opens later
 - Future Extensions
