WIRELESS NEWS BULLETIN

APPRECIATION OF THE POSITION.

The rate of increase in Transport facilities for essential services which was gradual until this morning has now rapidly accelerated, and in some parts of the country both rail and road transport are approaching the normal. All the main railway systems report the return of strikers and the development of their arterial services, but there is still no sign of the relaxation of the strike situation as a whole.

GOVERNMENT REVIEW OF THE SITUATION.

Without being unduly optimistic they think that the tide has turned. There is a tendency all over the country for the strikers to drift back to work. The very satisfactory railway situation is indicated by the fact that the number of trains run daily all over the country including the underground services has risen from 849 on the first day of the strike to 5,503 by yesterday.

CIVIL CONSTABULARY RESERVE

have recruited 3,793 men in the four Metropolitan districts up to 3 p.m. yesterday.

T. U. C. COMMUNIQUE

The Official Communiqué issued by the T.U.C. General Council at 1 o'clock to-day said the solidarity and morale and the enthusiasm of the men on strike is as great as ever. A considerable proportion of the men who did not originally respond to the strike call have now joined their fellow workers, and the branch reports generally are to the effect that a solid front is indicated.

LATEST NEWS OF THE SITUATION.

Although no official confirmation can be obtained it is stated that there is reason to believe that peace moves are taking place beneath the service. A Member of the Miners Executive said that nothing tangible or concrete had yet been placed before the Miners Executive. Interviewed after the Meeting of the Miners Federation to-day, Mr. A. J. Cook said numbers of people have been approaching the Miners Officials with a view to getting a settlement of the deadlock. "I desire to repeat again what I said at News Cross namely that peace is possible at any moment on terms which will give economic security to the Miners.
